Dear Sisters,

You will be happy to hear that after much prayer, discernment and discussion we have finally reached a decision on the Provincial structures. In Ireland we will have four provinces as outlined on the attached map

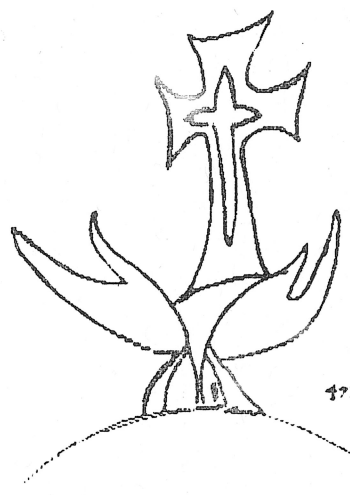

You know that the sisters in South Africa had already become part of our one single Mercy Congregation. We have now unanimously agreed to their request to become a province

We are aware of a great spirit of joy and peace that we have reached this stage in our decisions. The next stage in our deliberations will be to consider the election of our Central Leadership Team

The Blessings continue to come in and are a great support and inspiration to us. We share one of them with you ...

## Blessing.

May the treasure of your faith life be both a comfort and a challenge as you allow your spirit to be open and perceptive in discovering where God leads us in the spirit of Catherine.

May you awake each morning in a spirit of Gratitude. Recognising that all is GIFT, that all is Blessing.

Amen
