

I AM OPEN

Chorus:

I am open to the possibility,
I am open to the possibility,
of a life that is meant to be lived by me. (Repeat)

I don't have all the answers now,
but I'm willing to take it slow.
I believe that something is calling me,
Where the path will lead, I don't know.
But I am.

Chorus

There's an open road as far as I can see,
and my heart will lead the way.
Step by step through the mystery,
I surrender everyday.

Open, open.
